

Vehicle description example

Here we have another part exchange available from **Frearson Motors**.

Frearson Motors is a family owned business that operates from 3 locations in the **Lancashire** area representing **Volkswagen and Toyota**.

All vehicles receive a short drive, and anything picked up will be in the listing but please be aware this is a trade sale and they have not been inspected by our workshop.

Please take a moment to view my photos and appraisal so you can decide what needs to be done. Allow £150 for anything I may have missed.

*** DESCRIPTION OF CAR***

Here is a good example of this popular 5 door hatchback.

Drives great and everything works from what we can tell.

There are no adverse smells, and the AC blows cold.

We have all the books and 2 keys.

There is a slight exhaust blow and the EML light (see pic) is on but drives fine.

The service history is in the photos.

A perfect retail opportunity

To see all the cars from the group, please type "**Frearson Motors**" into the 'keyword' box in the search filters and you will see them all at a glance.

We are conveniently located not far from the **M55 by Blackpool** and collections are by appointment only, Monday-Friday between 9.30am and 4.30pm. Payment is accepted by bank transfer or chip-enabled debit card on collection.

As per Dealer Auction T&C's all bids are final, please arrange to pay and collect the vehicle within 3 working days, unless pre-agreed with us.
